**WORKFORCE ANALYTICS & AUTOMATION**

Los Angeles, CA · martin.myung@gmail.com · linkedin.com/in/martin-myung · m-myung.github.io/portfolio

## SUMMARY

Hospitality leader with 15+ years in luxury and full-service hotels, from building departments through hotel openings to leading workforce analytics for two Hilton hotels. I build tools and automations that replace manual work, including a payroll compliance generator that saves 1,000+ hours a year and an F&B forecasting app used by 12 managers.

## EXPERIENCE

**Hilton Anaheim & Hilton Los Angeles Airport** — Anaheim & Los Angeles, CA

**Complex Hotel Performance Analytics Manager** — Jun 2024 – Present

- Own labor forecasting, scheduling, and payroll-to-budget reporting for Hilton Anaheim (~1,570 rooms) and Hilton Los Angeles Airport (1,234 rooms), helping department heads align staffing with demand.
- Built an LA Hotel Worker Ordinance generator that combines three source reports and runs 9 validation checks, turning a 4–5 hour daily task into minutes and saving 1,000+ hours a year.
- Automated daily and weekly labor reporting, turning UniFocus and Oracle data into finished Excel and PDF reports; the weekly report alone saves 35+ hours a year, and a configurable version lets other properties run the daily report.
- Replaced a complex, multi-tab Excel forecast with an easy-to-use F&B forecasting app, now used by 12 managers across 6 outlets, with visual dashboards and a Power Apps mobile version.
- Built a certification expiry tracker with weekly automated alerts to department heads (Excel, Office Scripts, Power Automate), live at Hilton Anaheim.
- Built a culinary pre-sheet builder that saves 100+ hours a year, a call queue dashboard for Guest Services, and California meal break, attestation, and benefits enrollment audits.
- Use AI-assisted development to design, build, and test these tools without a dedicated engineering team.

**Mores Hospitality Consulting** — Santa Monica, CA

**Consultant & Project Manager** — Jun 2023 – Jun 2024

- Supported hotel improvement projects with planning, cost estimates, vendor coordination, and quality assurance, keeping work aligned with brand standards and budgets.

**Sensei Porcupine Creek** — Rancho Mirage, CA

**Special Events & Operations Manager (Task Force)** — Mar 2023 – May 2023

- Ran events and food and beverage operations; set up a wine and spirits inventory system that cut stockouts and cost of goods and was later adopted by other departments.
- Created the company's 2023 goal-setting framework, later rolled out to all locations.

**Fairmont Century Plaza** — Los Angeles, CA

**Director of Training & Development** — May 2022 – Nov 2022

- Redesigned onboarding, built the 2023 Training & Development budget, and taught leadership sessions for hotels across North and Central America.

**Director of Rooms, Back of House Operations** — Dec 2021 – Apr 2022

- Ran Housekeeping & Laundry, Security, Residences, and Royal Service & Reservations, including budgets; wrote career plans with 11 department leaders.

**Director of Housekeeping (Pre-Opening)** — Oct 2019 – Dec 2021

- Built the Housekeeping department from scratch for a 400-room hotel with 63 residences; hired and trained 6 leaders and a team of 70, and wrote the SOPs and training manuals.
- Brought in RFID tracking for uniforms and linen and reworked budgets and SOPs for COVID-19.

**Montage Beverly Hills** — Beverly Hills, CA
**Director of Housekeeping** — May 2018 – Sep 2019

- Led housekeeping and laundry for a 202-room Forbes Five-Star hotel; used past data to rebalance workloads, improving productivity by 0.08 hours per room, and built a productivity dashboard for P&L reviews and budgeting.

**InterContinental Los Angeles Downtown** — Los Angeles, CA
**Assistant Director of Housekeeping** — Jul 2017 – May 2018

- Developed the staffing model for an 889-room operation and led the conversion to REX and HotSOS Mobile.

**Montage Deer Valley** — Park City, UT
**Assistant Director of Housekeeping** — Jan 2016 – Jul 2017
**Guest Reception / Front Desk Manager** — Jun 2014 – Dec 2015
**Housekeeping Manager** — Feb 2011 – Jun 2014

- Helped plan and run a $5M soft-goods renovation and prepared department financials for the executive committee.
- Led the rollout of the OnTrack labor system, including its forecast and budget formulas, and wrote a 10-day training program for every housekeeping position.

## SKILLS

| | |
|---|---|
| **Automation & tools** | Process automation, AI-assisted development, Power Automate, Power Apps, Office Scripts, SharePoint, browser-based tools (HTML/JavaScript) |
| **Analytics** | Labor forecasting, budgeting & forecasting, P&L reporting, data visualization, Microsoft Excel, Power BI |
| **Hotel systems** | UniFocus, OnTrack, Opera PMS, HotSOS, Workday, Dayforce, ADP |
